We need factories of every kind. The building of factories is not primarily a farmers' problem, but he must depend upon them for a market for his products, and has great interest in having them built.

The "Halbert" Pecan, propagated by Hon. H. A. Halbert, of Coleman, Texas, received the highest award on pecans at the National Nut Growers Association, which met at Mobile, Ala. The "Halbert" score was 97.12, the highest of any pecan on exhibit.

Who is benefited by good roads? Everybody; the farmer because he is able to bring more of his produce to the market with the same moving power; the merchant because he can handle a larger quantity of goods; the consumer because he has a larger and more varied market to select from.

The Southwest Texas Fair which will be held at Beaumont the last week in November, desires to make the fair an East Texas exhibition and premiums of \$20 and \$10 are offered for the best county display of farm products. They wish to include Marion county in their entries. If a good exhibit can be sent, it will mean much for the county, and tend to bring in prospective home-seekers. Let Marion county be represented with an exhibit.

The Jimplecute acknowledges a complimentary season ticket from the Northeast Texas Fair, to be held at Pittsburg, November 13-18. This is their second annual fair and is assured of great success. The fair embraces all the adjoining counties and each have a vice president in the association. D. Jones is vice-president for Marion county. Marion county should send an exhibit and help advertise and develop Northeast Texas resources. They have issued a premium list which can be had on application to J. W. Hill, Vice president and Manager, Pittsburg, Texas.

The Jimplecute has received a copy of the second anniversary edition of The West Weekly News, West, Texas. This edition contains four sections of thirty-two pages. It is a most creditable issue and well put up in every feature, with many illustrations and scenes of West, her people and vicinity. Every business firm of the town is represented in this edition. And to show that they feel sure it will help their business and the town, they have purchased 1500 copies of this edition to send out over the country. H. B. Terrell is editor and Business manager of the News, he also gets out a supplement in Bohemian.

The interest that is being shown by the various counties of the State in farm demonstration work indicates that the Texas farmer is broad minded enough to realize there are things about the cultivation of the soil that he does not know that will benefit him. These demonstrations are conducted along scientific lines. He has not only made a study, but a practice of this work and has not only the theories but the results to show. He is an expert who gets all there is out of a farm without deterioration of the soil. Quite a number of Texas counties have made preparations to finance these demonstrations and a similar amount in each instance has been donated by the National Government.

ATTEMPT TO RAPE A WHITE WOMAN

Two Negro Commit a Dastardly Assault on Mrs. W. P. Green

NEAR GROVER HARRISON CO.

Large Posse in Pursuit—Will Likely be Captured Ere Morning.

Constable C. E. McNeil of Woodlawn brought the news to Jefferson this afternoon of a criminal assault on Mrs. Green this morning by two negroes and that the negroes were headed for Cass county and he made up a posse here to go out on the Gilmer road and intercept them. The posse with him were Constable Mat Taylor, Deputy Marshal John Fry, L. T. Hale, W. R. Proctor and others.

A phone message from Dr. Blalock at Woodlawn gave more particulars. Mrs. W. P. Green, who lives near Grover, was found unconscious in her potato patch about 11 o'clock this morning. She was a daughter of J. W. Calloway, living near Harleton. On regaining consciousness Mrs. Green told that she had been assaulted by two negroes, and gave their names as Will Oille, dark mulatto, 23 years old, weight about 140 pounds, lived in Cass county. Luther Hilton, black, chunky negro, 21 or 22 years old, lived near Hinson Springs. Mrs. Green was struck with a hoe and rendered unconscious.

The last heard from the negroes they were headed in the direction of the Gilmer and Jefferson dirt road for Cass county. A large posse is scouring the country for the miscreants and there is little chance for them to escape.

LATER—We learn by phone that Luther Hinton has been captured by the posse.

LET THE MAJORITY RULE.

There are six candidates for congress in this district, and if all of them stay in the race, as they probably will, no one of them can hope to receive anything like a majority of the votes cast in the regular primary next July. In fact, the probability is the high man would receive only a comparatively small minority of the votes, yet under present usages he would be declared the Democratic nominee. In this way, the man elected might be very distasteful to the great majority of Democrats of the district, and no man ought to want to represent a district in congress over the protest of a majority of the people of the district. In order that the voice of the majority may control in the selection of a congressman, it will be necessary to have two primaries, as has been proposed in the race for United States senator, and The Times-Review suggests that the candidates for congress agree upon a preliminary primary, and let the two candidates receiving the highest number of votes go into the regular July primary, and the man receiving a majority of the votes in that election be declared the Democratic nominee. This is the only fair way, and it is the only way that the nominee can be selected by a majority of the Democrats of the district. We would like to hear what the candidates have to say about this plan. Surely none of them will object to having the will of the majority prevail in making the nomination.—Mt. Pleasant Times-Review.

The Jimplecute believes the Times-Review voices the sentiment of many in the above and a preliminary primary is the only possible plan to let the strongest candidate win out for the nomination. An early primary should be desired by all six of the congressional aspirants.

Only a portion of Texas coal fields has ever been explored, yet the government geologists report a deposit of 31,000,000,000 tons, of which 8,000,000,000 is bituminous and 23,000,000,000 lignite. Texas mined last year 1,895,377 tons of coal and employed 4,400 laborers in the mines. At the present rate, it would take seventeen thousand years to mine Texas' coal.

Ball Withdraws From Race.

In the Sunday dailies Hon. Thomas H. Ball, of Houston, gave out his letter of withdrawal from the senatorial race for United States senator. The main reason given is, that as he had declined to be a candidate for governor, in which he stated that he did not intend to run for office and since becoming a candidate for senator he was charged with insincerity or inconsistency in becoming a candidate, he believed it was his duty to withdraw from the contest; that he would give all his support to Judge Ramsey for governor, also that he could better aid the cause he was supporting. This leaves the race all one-sided for Morris Sheppard, who will get all of Ball's supporters and make his nomination more sure. Sheppard for Senator in 1913.

Good roads help at both ends of the line and in the middle. They help the farmer, the merchant and the consumer. They bring all three closer together.

Comets are becoming as numerous as candidates now, for there are some six flitting around in sight of mother earth.

Tragedy on Ferry Lake.

Last Sunday night about 7 o'clock, a launch returning from Mooringsport to Potter's Station containing four young people, struck a snag and was capsized in Ferry Lake in eight feet of water, the occupants of the launch were thrown out and three were drowned before help could reach them, Miss Florence Wilson, aged 17, Eva Wilson, aged 15, and Ralph Reardon of Humble, Texas. Ben Smith held to the half submerged vessel and shouted for help and was saved. The young ladies were daughters of H. M. Wilson who works for the Gulf Refining Co. at Potter's Station and had come from the oil fields at Beaumont. The bodies of the young girls, his daughters, were taken to Texas City for burial. It was a sad tragedy, as Miss Florence Wilson and young Reardon were to have been married next month. Both Reardon and Smith were employees of the Gulf Refining Company as engineer and fireman.

A Medicine that Gives Confidence
Is Foley's Honey and Tar Compound. Mrs. T. J. Adams, 523 No. Kansas Ave. Columbus, Kas., writes: "For a number of years my children have been subject to coughs and colds. I used Foley's Honey and Tar Compound and found that it cured their coughs and colds, so I keep it in the house all the time." Refuse all substitutes. Sold by Allen Urquhart.

As a result of investigation of the grand jury at Shreveport in the killing of Deedus Davis at Vivian, last month, Henry Craver, a saw mill man and his two sons Pat and Jake, were indicted on the charge of murder and the Daveses released. The killing took place at a picnic at Vivian on Sept. 26th over a disputed debt of \$1.50.

WOMAN'S WOES

Jefferson Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Sick kidneys cause more suffering than any other organ of the body. Keep the kidneys well and much suffering is saved. Read of a remedy for kidney ills that is endorsed by people you know. Mrs. D. Wurtzbaugh, Jefferson, Texas, says: "I suffered a great deal from pains in my back and ached all over my body. Favorable reports about Doan's Kidney Pills led me to procure a box at The Citizens Drug Co., and use them. The results convinced me that this remedy is one of merit. I was given relief from backache and all distress arising from disordered kidneys." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

WHY HESITATE?

An Offer that Involves no Money Risk if You Accept It.

We are so positive our remedy will completely relieve constipation, no matter how chronic it may be, that we offer to furnish it free of all cost if it fails.

Constipation is commonly caused by weakness of the nerves and muscles of the large intestines. To expect a cure you must therefore tone up and strengthen those organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our guarantee. They are eaten like candy, and are particularly good for children. They seem to act directly on the nerves and muscles of the bowels. They apparently have a neutral action on the other organs. They do not purge or cause other inconvenience. We will refund your money if the do not overcome chronic or habitual constipation and thus aid to relieve the myriads of associate or dependent chronic ailments. Try Rexall Orderlies at our risk. Three sizes, 10c, 25c and 50c. Sold only at our store—The Rexall Store of W. J. Sedberry.

For two thousand years prior to our era irrigation was extensively practiced in Egypt for agricultural purposes.

Sewing.

Every girl is entitled to training that will make her a good home-maker; therefore devote one hour per week to sewing. \$2 will be given for the best made garments, work to be done in school. Two silver thimbles will be given for the best samples of hemstitching, button hole, hooks and eyes, darning, patching, plain hem, brier stitching.

Report Card.

Every teacher should send out report cards. The parents are entitled to a knowledge of the progress of their children, of their absence and tardiness. Report cards can be obtained from the Jimplecute office at one cent each. Teachers are expected to furnish them.

Music.

As music refines, and promotes harmony, I ask that every teacher teach her pupils to sing good songs. Begin the day's work by singing one or two. A book containing old familiar songs, suitable for school use may be obtained for 6 cents, from the Orville Brewer Publishing House, Chicago, Ill.

A. B. Richards Medicine Co., Sherman, Texas, will furnish a book containing America, Star Spangled Banner, and many of the old favorite songs, free of cost. Write for both at once.

Drawing.

Parents and teachers make a mistake in not supplying drawing material and devoting at least two periods each week to drawing. It is natural for the child to draw pictures, therefore teach him how to draw. Drawing is not solely for amusement, it arouses the brain, affords pleasure and will prove beneficial in other studies and often in a business way. The cost for material is only 25 cents for the term. Parents, do not hesitate, but purchase a book at once.

Parents.

1. It is the duty of parents to teach their children to be obedient and polite to school authorities, and to observe faithfully and cheerfully, the rules and regulations. Parents must not, in case of trouble or misunderstanding, rely upon the reports of children. The order of investigation must be as follows: First consult the teacher; if the differences cannot be adjusted, next consult the superintendent if in city school, and final appeal should be made to the Board.

Patrons' day should be observed in every school, a special program should be arranged, the pupils' work exhibited and a closer tie be brought about that would be conducive to interest, harmony and good work. Try it.

Every patron in the county should pay several visits to his school during the term.

The indifference to education will prove a calamity. The greatest problem before us is that of attendance. Parents are responsible. To them we appeal. Every thoughtful parent will educate his child at any sacrifice and any cost.—Marion County Course of Study.

A MEDICINE AS GOOD AS YOUR MONEY

Money Promptly Refunded if Dodson's Liver-Tone Fails to Take Place of Calomel.

The Rexall Drug Store sells Dodson's Liver-Tone as a perfect substitute for calomel. If you try one bottle and find that it is not just as sure in its action as calomel and at the same time gentler and without any bad after-effects of calomel, please call and get your money back. It will be given you promptly. Dodson's Liver-Tone is a vegetable liquid with a pleasant taste, that lives up the liver, mildly but surely, instead of whipping it into action as the strong chemical calomel does. It is used for both children and grown ups for constipation and inactive liver.

That is why the Rexall Drug store is willing to guarantee it absolutely, not with another bottle, but with your money back. Isn't a medicine with a guarantee like that worth a trial?

CITATION BY PUBLICATION.

THE STATE OF TEXAS, County of Marion

To the Sheriff or any Constable of Marion County, Greeting:

You are hereby commanded to summon Earnest Neal by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the Fifth Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said Fifth Judicial District, to appear at the next regular term of the District Court of Marion County, to be held at the Court House thereof, in Jefferson, on the 2nd Monday in November A. D. 1911 the same being the 13th day of November A. D. 1911, then and there to answer a petition filed in said court on the 3rd day of October A. D. 1911 in a suit numbered on the docket of said court No. 7083, wherein Earnest Neal is Plaintiff, and Earnest Neal is Defendant, said petition alleging that she is a bona fide resident of Marion County, Texas, and has been six months prior to filing this suit complaining of Earnest Neal whose residence is unknown to the Plaintiff respectfully shows to the Court that on or about the 15th day of September, 1905, that Plaintiff and Defendant were lawfully married in Marion County, Texas, and lived together as man and wife until and including the 5th, 1911; when Defendant left bed and board of this Plaintiff without any fault on her part; that two children were born to them, McKinley, a girl, six years, and Allie May, aged two years, and that Defendant failed to support Plaintiff and children, but otherwise cursed and abused Plaintiff on numerous occasions; one time striking her with a blow across the head which brought the blood; Defendant continued his course of unkind, harsh, cruel and tyrannical treatment to Plaintiff as to render their future living together as husband and wife impossible. Since Defendant left he has never communicated with Plaintiff nor has he sent any money or provided any support for her and her two children; that Plaintiff is able to care for the two children and wants the custody and care of the two children, as she is the proper person to have them.

Wherefore, premises considered, Plaintiff prays that Defendant be cited by publication to appear and answer, and for judgment dissolving the bonds of matrimony existing between Plaintiff and Defendant and for the custody and care of the children and for cost of suit and for such further relief special and general in law and equity as she may be entitled to.

Herein I fail Not but have you before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, G. M. Jones, Clerk of the District Court of Marion County.

Given Under My Hand, and the Seal of said Court, at office in Jefferson this 3rd day of October A. D. 1911.

G. M. JONES,

Clerk, Dist. Court, Marion Co.
